Two Local Scholars Win I.O.D.E. Awards

Mons Chapter I.O.D.E. held their first meeting of the fall season on Thursday evening. The main project for the summer months was making supplies for the local hospital nursery and also a layette for the provincial headquarters.

The annual canvas and tag day for the National Blind Institute will be held from Sept. 22 to Sept. 27. There will be a house-to-house canvas prior to the tag day and your whole-hearted support is solicited in this very worthy cause. Anyone wishing to make a donation to the above mentioned fund, in the vicinity of Didsbury, may leave it with Mrs. H. Lynch-Stanton, I.O.D.E. Regent, or Mrs. C. E. Rich, treasurer. Receipts will be given and duplicates of them forwarded to the Blind Institute in Calgary at the conclusion of canvass.

Arrangements are being made to hold the annual October dance at Melvin Hall on October 31.

After the close of business the chapter were invited to have as their guests two students from the high school and their parents. These students were Joyce Archer and Cameron Worsley who had won scholarship prizes awarded by the chapter. These \$50 scholarships are awarded annually to the Grade X students in Didsbury high school who fulfil the following conditions:

(a) Passes a minimum of 30 credits in Grade XII subjects in the year in which the scholarship is awarded.

(b) Secures at least an average of 65 per cent in Grade XII examinations.

In selecting the winner the committee will take into account the student's marks and his participation in the activities of school life. Seventy-five points are given for examination marks and 25 points for extra-curricular activities.

The scholarships must be used to further the winner's education within one year of its award. Before the presentation Mr. E. T. Wiggins, school principal, gave a brief resume of the work of the two winners at the Didsbury high school. He also made mention of the fact that Cameron was also the winner of a scholarship from the provincial I.O.D.E.

Mrs. Lynch-Stanton then called upon Mrs. Harvey Gillie to present the cheques to the winners, who responded fittingly.

The evening closed with lunch being served.

MELVIN NOTES

(From Our Own Correspondent)

The September meeting of the Melvin W.I. was held last Wednesday at the home of Mrs. L. Fischer with an attendance of 10 members. One new member joined, and roll call brought forth many dandy ideas for storing vegetables.

It was decided to collect vegetables and send them to the Junior Red Cross Hospital if these would be acceptable at this time.

Mrs. Summers donated a large crocheted luncheon cloth and it was decided to raffie this before Christmas.

Mrs. Ross Youngs showed the ladies how to mend and patch without needle and thread, which was quite a popular idea. With such ease and speed perhaps hubby can be persuaded to patch his own socks and overalls.

Mrs. Fischer conducted a new and novel contest on the names of flowers and this was won by Mrs. Ross Youngs.

A delicious lunch was served by the hostess who brought in a lovely birthday cake topped with four flaming candles, as this was the fourth anniversary meeting of the Melvin W. I.

The next meeting will be held at the home of Mrs. A. Schneidmiller and roll call will be a lunch idea. It's back to school again for the young fry this week, and we can set our clocks again by the yellow school bus.

With continued favorable weather the grain will soon be all cut and stacked. Perhaps we can get the threshing finished early this year.

C.P.R. TRAIN TIMES AT DIDSBURY

NORTHBOUND:
No. 521—(flag stop) 1:10 a.m. daily
No. 523—Daily except Sunday, 11:32 a.m.

SOUTHBOUND:
No. 522—Daily 4:46 a.m.
No. 524—Daily 12:46 p.m.
No. 526—Daily except Sunday, at 5:00 p.m.

No. 528—Daily 6:21 p.m. (stops on flag on Sundays only).

MRS. B. PARKER ENTERTAINS KNOX CHURCH W.M.S.

The Woman's Missionary Society of Knox United Church met on Monday evening at the home of Mrs. Bruce Parker with 16 members and friends present. Mrs. C. Armstrong gave the introduction to the new study book "Along African Trails" and Mrs. Bruce Parker led the devotional period.

A cordial welcome is extended to new members.

MOUNTAIN VIEW

(From Our Own Correspondent)

Supper guests Sunday evening with Mr. and Mrs. Ed McNeil and Chuck were Mr. and Mrs. D. M. Riddle of Carstairs.

Mr. and Mrs. Louis Kohut and Annie visited last Thursday with relatives in the district.

Sunday visitors with Mr. and Mrs. Joe Hunter and boys were Mr. and Mrs. John Hunter, Mr. and Mrs. Howard Miller and Hovie of Calgary. Mr. and Mrs. Lawrence Hunter, Bob Elliott and Russell Hunter.

Mr. Edward Esau was a weekend visitor at the Arthur Gellers home. Ed is working in Calgary and was a former resident of the district before moving to B.C.

The schools of the district opened their doors Monday with Mrs. B. A. Atkinson teaching at Neopoli, Miss Hunt at Gore and Mrs. Hunt at Jutland.

Mr. Victor Pear was a dinner guest with Mr. and Mrs. Grenville McCaig Sunday.

Mrs. Florence Green and Mrs. Jack Green and two daughters of Calgary spent Sunday at the G. Tighe home.

Socreds Organize In Red Deer Constituency

A meeting was held on Wednesday, September 10 at Innisfail of the Social Credit executive for the Red Deer federal riding.

Following is a list of officers elected:

Harry Morris, Bowden, president; Lorne Askin, Red Deer, 1st vice-president; Henry Eds, Didsbury, 2nd vice-president. Directors are George Sterling, Benalto and Ernie Peterson, Bentley. Mrs. Norma Smith of Oids is secretary-treasurer.

October 25 was the date set for Red Deer riding Social Credit nominating convention to be held at Innisfail.

U.N. Films TV Program for Latin America

The United Nations Radio Division recently produced its first television program for Latin American countries. The program is the first in a series entitled "United Nations Round Table," filmed on kinescope, and will be presented on television stations of Mexico, Cuba and Argentina. The participants in the first program were, from left to right, Miguel Albornoz, Alternate Representative of Ecuador to U.N.; Benjamin Cohen, U.N. Assistant Secretary-General for Public Information; and G. Martinez Cabanas, of Mexico, Deputy Director-General of the U.N. Technical Assistance Administration.

CORRECTION

In our last issue there was a report on the 50th anniversary of the United Church. This report was written as if it were to take place in the future, instead of having been held on the date mentioned. We regret our error and any inconvenience it may have caused.

Rugby W. I. Witness Canning Methods

The September meeting of Rugby W.I. was held at the home of Mrs. McNaughton, with an attendance of thirteen members and eleven visitors from Melvin W.I. The meeting opened with the singing of "My Old Kentucky Home," followed by the creed.

A letter was read from Mrs. Bessie Hogeood advising of her resignation as supervisor of the girls' club. Appointment of a new supervisor was discussed but no decision was made.

Roll call was answered by a collection of vegetables. These were judged and first prize went to Mrs. McNaughton and second to Mrs. Ray. The vegetables and the case of fruit canned at the demonstration will be sent to the Crippled Children's Hospital in Calgary.

A musical contest given by the visitors was enjoyed and the bit of fun was given by Mrs. Hogg.

The meeting closed with the singing of the national anthem. A canning demonstration by Mrs. Hogg followed and lunch was served. The next meeting will be held at the home of Mrs. E. McInnes.

Hockey Meeting Set For September 26

Plans have been completed for a hockey meeting on Friday, Sept. 26, in the Lions Hall.

Purpose of the meeting is to discuss the possibility of entering a team from here in the Central Alberta Intermediate Hockey League. Businessmen of the town and as many farmers as possible are urged to attend as plans must be completed now if an entry is to be made.

WESTCOTT NEWS

(From Our Own Correspondent)

School re-opened Monday at Westcott with Mrs. Ethel Kenschub back at the helm. We understand there is one beginner, Johnny Topp, and two grade 9 students, Dorothy McManis and Duane Jacobsen, 15 or 16 pupils in all.

From this district three young ladies have gone out to teach school for the term, two for their first experience, Margaret Robertson to Didsbury, in the neighborhood of Burnside, while Deloyce Goetjen went back to Ekville to put in her second term at her chosen profession.

This Monday morning also saw several of our high school students registering for another term. Among those returning were Eileen Dace, Raymond Vipond, Gordon Robertson and Leslie Goetjen, grade 11's attending for the first time in Didsbury and Marlene Vipond and Howard Robertson.

Mr. Otto Folkman started threshing on Monday, the first stock thresher in the neighborhood. Both his sons, Kenneth and Neil of Calgary, are helping their father with the harvest and the grain was reported to be running out satisfactorily. Several farmers were combining again by Monday noon too.

Mr. Robert Goetjen met with an accident on Monday evening when the grain hopper on which he was working fell on him, badly injuring his back.

Our thoughts are with Mrs. Don Wood of Kimberley, B.C., after hearing that she had contracted polio. Mrs. Wood, formerly Gwen Dalry, lived in this district and attended public school here. She was well known and her many friends wish her a complete and speedy recovery.

HEAD INJURIES

Mr. Eugene Maillet of Calgary, son of Mr. and Mrs. S. Maillet of Didsbury, escaped serious injury last Saturday when hit on the head by a gravel chute while employed by a transit mix company. He was admitted to hospital suffering slight concussion but is now well on the road to recovery.

School Opens Here For All Grades

Monday marked the end of the summer holidays for students in the Didsbury School Division, following a two week excursion here to the presence of poliomyelitis in the province.

In some other parts of the province only high school grades were asked to report for classes Monday but it was felt here since there have been no cases of polio in the immediate area that all grades should once more get back to their desks.

DIDSBURY HOSPITAL BIRTHS

To Mr. and Mrs. B. Brower, Didsbury on Sept. 10 a son.

To Mr. and Mrs. W. Gamble, Bergen, on Sept. 10, a daughter.

LEGION AUXILIARY TO SPONSOR ART EXHIBIT

The Ladies Auxiliary to the Didsbury Branch of the Canadian Legion will sponsor an art exhibit in conjunction with their fall tea on Saturday, October 11. This will be held in the Lions Hall, the time to be announced later. The pictures to be exhibited are the work of Mrs. Clarence Rinehart and Joyce Mullen, both local residents.

The exhibit will include pen and ink drawings, pencil sketches and pastel paintings. It is hoped to have about 40 pictures on display. Mrs. Rinehart has had awards for her pictures in the Calgary Exhibition. Keep the date in mind, October 11, and look for further information in future issues of this paper.

Pheasants Released West of Didsbury

The Didsbury Fish and Game Association released 120 pheasants in the West. Found area west of town on Wednesday, September 10, and the same day Carstairs association released a similar number about 20 miles east of that town.

Ed Grange, Ken McKay, Ed Ford and George McDonald were in charge of the local birds and stated that the pheasants were nearly full grown and 90 per cent of them were cock birds.

Cost of obtaining and releasing of the pheasants in this district was borne by the Didsbury association and as a result the local club's finances are at a low ebb. As the only means of revenue the Didsbury Fish and Game Association has is the membership dues, local sportsmen can do their bit toward stocking of local streams with fish and making pheasant sloughs in this district available to sportsmen by joining the local fish and game association, says president Ed Grange. So, if you are not a member of the Didsbury Fish and Game Association, join now by paying your dollar membership dues to the secretary, George McDonald.

Harvesting Continues In Didsbury District

Threshing and combining started both east and west of town on Monday following last week's rain and the cool air predicted is to be followed by warmer weather, according to the forecast. Temperatures varied on Sunday with a high of 70 and with most of the grain now in stock or swath good dry weather is in view. Days ahead the excellent crop in this district.

Light frost has been reported in several parts of the district but the damage to grain will probably be registered as a bran frost due to maturity of the grain.

Some farmers could use a few men although the scarcity of men help does not seem to be hampering harvest operations at the present time.

EAST NOTES

(From Our Own Correspondent)

Sunday guests with Mr. and Mrs. Schumaker were Mr. and Mrs. John Cook and Mr. and Mrs. Philip Benner and daughter Elaine of Calgary. Mr. and Mrs. Ivan Cleland and son Gordon and Howard Rogers.

Mr. and Mrs. Harold Shields and Mr. and Mrs. Bruce Shields attended the funeral at Rockyford on Wednesday of their nephew, J. Cammaret, who was killed by a train. Sympathy is extended to parents and relatives.

Linda Shields spent a few days last week with Beverly Thompson.

Mr. and Mrs. Alvin Baptist of Calgary and Mrs. Grace Bitner were Sunday visitors with Mr. and Mrs. Alfie Thompson, and afternoon visitors were Mr. and Mrs. Harold Shields and children.

Best wishes and a speedy recovery are extended to Mr. George Long who is ill with the flu.

Mr. and Mrs. Schumaker spent Tuesday in Calgary with Mr. Schumaker's mother, who is sick in bed. Mr. and Mrs. Alfie Thompson and Beverly and family were Sunday supper guests with Mr. and Mrs. Lloyd Cipperey to celebrate Mr. Clarence Cipperey's birthday.

Mr. Walter McCulloch was a business visitor in Calgary last Tuesday. Mr. and Mrs. Dennis Jenkins and children have moved to Calgary and we wish them "happy landing."

The Girl's Club meeting will be held at the Brander home on Friday. All mothers are asked to attend this important meeting.

Peter Kerkis was a weekend visitor at the Elliott home.

Mrs. Grace Bitner and Mrs. Winnie Bitner were Thursday afternoon visitors with Mrs. Walter McCulloch.

Miss Olwen Bitner spent Sunday with her mother and brothers.

To Take Second Vote On Hospital Addition

At a meeting of the board of the Didsbury Municipal Hospital, held Saturday evening, September 13, it was decided to take another vote on the proposed new addition.

A vote to ratify issuance of debentures in the amount of \$28,000 for the addition was defeated by a small margin earlier in the year. General feeling is that weather conditions and numerous people away on holidays were main reasons for defeat of the by-law at that time.

The second vote will be taken on Saturday, November 1, when it is felt that harvesting operations will be completed and a large turnout at the polls can be expected.

Also at Saturday's meeting Mr. A. W. Reiber was appointed delegate to the convention of the Associated Hospitals of Alberta, to be held in Calgary Oct. 16, 17, 18.

Lone Pine W. I. Plans Thanksgiving Banquet

The Lone Pine W.I. met at the home of Mrs. H. Richardson with 12 members and two visitors present. Roll call was answered by a print article for the bazaar.

Two dollar donations were made to Jutland, Selkirkville and Burnside schools for magazine subscriptions. Also an associate library is to be started for use of the three schools.

A Thanksgiving banquet and evening of entertainment is to be held at Lone Pine hall for ladies of the W.I. and their husbands or boy friends. Bancroft W.I. will also be invited.

A talk by our constituency convener, Mrs. Bob Fisher, was enjoyed by all. Mrs. Harold Shields held a contest which consisted of pushing a penny along the edge of a plaid board, which proved a bit difficult for those with an unsteady hand. Miss Merle Siebert won the draw which netted \$130. The next meeting will be held at Mrs. Alan Hughes.

NEW GENERAL MANAGER, CALGARY POWER LTD.

A. W. Howard

Mr. Howard attended primary and secondary school in this city. He graduated from the University of Toronto in 1933 with the degree of B.Sc. in Electrical Engineering.

He joined the staff of Calgary Power in June, 1935, in the engineering department, where he worked until 1938. He then joined the staff of the Montreal Engineering Company and moved to the city of Montreal.

Mr. Howard returned to Calgary Power Ltd., Calgary, in September, 1948, as executive assistant to Mr. H. B. Sherman, vice-president and general manager. He occupied that position until July 15, at which time he was appointed general manager on the resignation of Mr. Sherman due to ill health.

Mr. Howard is a son of Mr. H. A. Howard, vice-president and general manager of Crown Trust Company Limited, Calgary.

TOWN COUNCIL MEETING

At the regular meeting of council Monday evening permission was granted the Mons Chapter I.O.D.E. to hold a tag day for the National Institute for the Blind on Saturday, September 27.

F. L. Evans was appointed enumerator to prepare a supplementary voters' list, to be completed by November 15.

CANADIANS IN KOREA

CLAD FOR CLIMATE

Canadian troops in Korea are feeling the advantages of the long-established ability of the Canadian textile industry to produce for varying climatic conditions.

The Canucks have for some time been the envy of all troops in the theatre with their natty bush jackets, worn with olive-colored summer shirts. And their summer trousers have been described as "very comfortable" in warm weather.

Now the army is getting ready for winter, which in Korea varies almost as much as in Canada. All British troops will soon be wearing Canadian style string vests of cellular cotton, and new parkies are being cut more along Canadian lines.

The Canadian version of a good sleeping bag, with an inner washable bag that can be removed for cleaning, is coming more and more into use too.

TV SETS SOAR

All along the line, television set sales are "as high or higher than expectations" as Canadian television bows in and the public exercises its right to buy on time.

July was the biggest month ever. Both makers and retailers expect that the tempo will keep up until Christmas and on into next year, perhaps for the whole of next year.

FOR A COMMON CAUSE !!!

A good hometown anyplace, anywhere, is "the kind of place where local merchants and their customers know each other and share a common pride in making their community into a wholesome and prosperous place in which to bring up their families."

It has been brought to our mind that the majority of the men and women who share this common pride of local achievement are members of one or more local organizations. There are many such organizations in Didsbury, for both male and female.

There is no question that in every small town the groups that are most popular are the ones that have done most for the community. Didsbury is not lacking in groups of this nature.

We believe in these groups so much that we wish they would meet together more often to discuss common problems with a view to simplifying things for everyone.

By working together for the good of their home town these organizations, businessmen and their customers will learn to know and understand people. In this way there will be no opportunity to destroy public confidence in the community in which we live.

EDITORIAL NOTES . . .

Grain producers in the prairie provinces delivered 718 million bushels of grain out of a production of 1,302 million bushels in the 1951-52 crop year. That means that 410 million bushels were retained on farms for seed, feed and farm carryover.

Harvest is a dangerous season. Why not be careful and help make it accident free?

Judging from the way they talk, some people certainly enjoy their prejudices.

O.S.A. Notes

Olds School of Agriculture
and Home Economics

The O.S.A. farm, operated in conjunction with the School of Agriculture, houses considerable livestock.

This livestock is kept for several reasons, the main purpose being to provide suitable kinds and classes of animals for judging and classroom work in connection with the animal husbandry classes. All boys attending the school take classes in animal feeding and management, breeding, judging and butchering. The farm livestock also provide most of the meat used in the dormitory dining room. Milk and cream are supplied by the dairy herd, and surplus animals, suitable for breeding purposes, are sold to farmers. The dairy herd consists of about 30 head of Holstein-Friesians. All the milking cows are on record of performance tests. The cows are bred by artificial insemination from the Provincial Artificial Breeding Station, which is also located on the O.S.A. farm. Last fall, the O.S.A. farm sent 11 as a foundation herd for the new School of Agriculture at Fairview.

Approximately forty Shorthorns make up the beef herd. Since all the animals are dark red in color, the herd is very uniform in appearance. The last three sires used in the herd have been Claude Gallinger breeding and the cow families represented in the herd are Hercules, Gem and Missie tribes.

A group of feeder steers representing the Hereford and Aberdeen Angus breeds are bought annually. After being used in the classroom, they are slaughtered in the butchering classes and the meat is used in the kitchen.

The number of pigs varies from one to two hundred. Only one breed is kept but two distinct strains are being maintained at the present time. One is a Canadian strain, which has been kept at the O.S.A. for many years, and the other is an English strain. The latter was established two years ago from stock imported from England, where the breed is known as the Large White. Testing and crossing work is being carried on with the two strains.

Horses are no longer used as a source of power on the O.S.A. farm but seven horses are still kept. One is a saddle pony and the other six are purebred Percherons used for classroom work. One team is used as a chore team around the farm.

No sheep are presently kept at the school but some feeder lambs are purchased each fall. These are used for instructional purposes and later slaughtered for meat.

**INSULATION KNOWN TO
PRIMITIVE MAN**

Insulation has been important for thousands of years in man's search for comfort, whether he lived in polar regions or in equatorial deserts. The first insulation was protective clothing. Then man found that certain types of building materials made his shelter far more comfortable. But as recently as 30 years ago, insulation was used mainly to conserve heat and fuel. Today, insulation makes jungle temperatures endurable.

The purpose of insulation is to retard the passage of heat, either from inside or outside, or from outside to inside a building. Insulation does this by acting as a barrier to slow down the rate of heat travel.

In choosing insulation be sure to ask these questions:

- (1) Is it efficient?
- (2) Is it fireproof, not merely "fire resistant"?
- (3) Is it permanent, or will it deteriorate in time, making replacement and expensive repairs to the building itself necessary?
- (4) Is it verminproof, particularly rat and mouseproof?
- (5) Can complete coverage be assured?

**WHY NOT
THREE-LANE HIGHWAYS**

The slow motorist is one of the greatest hazards on Alberta highways. When the roads are crowded and 10 motorists out of 20 want to travel at a normal cruising speed of say 55 or 60, the 20th can spoil things for all the rest by poking along at 25. That is the perfect set-up for an accident.

Enforcing a minimum speed law is perhaps out of the question just now, but it will come eventually.

Four-lane highways overcome much of the hazard, but what can be done with roads that aren't wide enough for four well-marked lanes?

A reasonable compromise between two and four lanes has been worked out in parts of Mexico. There are three lanes. Traffic stays in the outside lanes at all ordinary times. The middle lane is for passing only. It works very well. There is no conflict between the two streams of traffic. The motorist entering the middle lane first naturally has the right of way in that lane, and nobody going the opposite direction moves into it until it is clear again. —Calgary Albertan

**USE PIONEER CLASSIFIEDS FOR RESULTS****In Alberta . . .**

Under the Rural Electrification Co-operative Association plan, operating in Alberta, the farmers are helping themselves to Farm Electrification. They are doing it at less cost than could be done in any other way — and doing it without raising their own taxes or yours either.

When it is suggested that the Alberta Government electrify all farms—free—don't forget the government will have to increase everybody's taxes to pay for it. Don't forget — everybody's taxes — farmers and others as well.

Under the present Rural Electrification Co-operative Association plan, ONLY the farmers who GET farm electrification pay for it — and they own their own lines.

This We Expect Of Gov't —
For This We Will Respect It

Democracy in America is developing into a deplorably weak form of government — so weak in fact that we wonder how long it can survive.

A government that lacks the courage to defend the rights of its citizens against the aggressions of selfish pressure groups within the state can't expect to command the respect of those citizens — can hardly expect to be considered a government at all.

And a people that will allow their government to barter away their basic rights for the political support of selfish pressure groups can hardly be considered capable of self-government.

The American government did not hesitate to take a hand in the wage negotiations in the steel industry — a task for which it was in no way qualified; but it made no attempt to do what was clearly its first duty — to prevent Philip Murray and his union from robbing the steel workers of their right to work at their jobs unless they joined his union and paid him a portion of their wages.

Is this the kind of democracy the United Nations is warring to establish in Korea?

We, in Canada, might consider this to be no concern of ours were it not for the fact that these unions are international organizations, and are demanding the same privileges here as in the United States.

It is hoped that our government will have the courage to set its foot down and let it be clearly understood that there shall be no closed shop or union shop in Canada, nor any check-off, nor any other infringement of our citizens' rights by any combination of individuals, no matter who they are.

This much we expect of our government. For this we will respect it; but not for anything less than this.

BE CAREFUL WHAT WE SIGN

War is the last resort to which nations turn when they can't settle their differences in any other way.

It is the abandonment of all restraint and all law, and the turning to brute force as a means of gaining their ends.

Canada is not likely to become embroiled in a war of aggression. We have all the territory and resources we need, and all we can make use of; and we have no reason to covet anything that other countries possess.

There is always the possibility that we might have to fight a war of defence.

Such a war would be against an enemy that wanted our country.

In such a war we would be fighting for the right to survive on the earth.

In such a war there could be no surrender, nor compromise; nor could there be any rules of warfare that we would be bound to observe, nor any weapon that we would hesitate to use.

For Canada to join in an aggressive war would be an unpardonable sin.

For her to sign away her right to use any weapon, however deadly, to defend her own territory would be an unpardonable sin.

CHRISTIAN SCIENCE

The futility of seeking satisfaction in material things will be exposed Sunday in Christian Science churches. The Lesson-Sermon on "Matter" will make use of this warning by St. Paul in his letter to the Galatians: "For he that soweth to his flesh shall of the flesh reap corruption; but he that soweth to the Spirit shall of the Spirit reap life everlasting." (cf. 6). And this declaration from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The sharp experiences of belief in the superstitious life of matter, as well as our disappointments and ceaseless woes, turn us like tired children to the arms of divine Love. Then we begin to learn life in divine Science." (p. 322).

Agricultural
SERVICE
BOARD
NOTES

W.K. Snyder,
Field Supervisor

Save The Best For Seed

A. M. Wilson, field crops commissioner, Alberta department of agriculture, suggests that there is never a better time than when the grain is being harvested to put away the purest and best of the crop for seed. On farms where temporary bins have been constructed, the grain for seed should be given storage preference so that it will be in the best possible condition for next year's planting.

There should be a seed granary on every farm. In this way seed storage space is always available and should be used for this purpose only. With the increasing number of cleaning plants in the province, it is also a good idea to haul the seed direct from the combine and have it cleaned and treated before it is put in the bin. Mr. Wilson points out that much of the crop planted last spring is showing mixtures of varieties. This is undoubtedly due to the fact that large amounts of ordinary grain of unknown origin were used for planting as a result of the delayed harvest of last season. Examine your crops now, he advises, and save only the best for seed. If mixtures are present, dispose of your grain through commercial channels and obtain pure varieties for next year's planting.

ENGINEERS GO TO RACE TRACKS
FOR HINTS ON SAFER CARS

Engineers have gone to the race tracks for hints on building safer cars. And they seem to have made some worthwhile discoveries too. They point out that more than 60 per cent of fatal automobile accidents occur at impact speeds of less than 40 miles per hour. Stunt drivers and racers repeatedly crash their cars at such speeds and very seldom are they seriously hurt because they employ basic safety principles and equipment.

Builders of regular passenger vehicles, these engineers believe, could learn much from the sort of cars the stunt men use.

It is too much to expect that all people can be made into safe drivers, but safer cars will certainly help reduce our traffic toll.

HOW SOON COMMERCIALY
APPLIED ATOMIC POWER?

How soon will atomic power in Canada be applied commercially? Warren Baldwin, writing in The Financial Post, says perhaps in only two years. He says "developments of the last nine months have shortened by perhaps a dozen years the bridge of time between the present and the atomic age. On both sides of the American-Canadian border, estimates are being revised."

He lists the following important moves during the past nine months: —A building in England has been heated by atomic fuel. —A steam turbine has been turned in the United States and produced enough electricity for a lighting system.

—The keel of the first atomic submarine has been laid and the experimental atomic propulsion unit is nearing completion. The project was launched four years ago.

—Five contracts have been concluded between American industry and the United States government for the development of land-based prototype power plants for submarines and planes.

—In Canada, a new reactor is under construction at Chalk River that will produce substantial quantities of fissile material.

At the 1951 census Canada had 1,306,634 horses, less than half as many as in 1911.

DISTRICT NEWS

BERGEN NOTES

(From Our Own Correspondent)

Over 20 members were present at the August meeting of the Bergen Ladies Aid held at the home of Mrs. Ruth Scott.

Plans were made for the annual sale which will be held in the Bergen hall on October 15.

The September meeting will be at the home of Trygve Haug on the 25th.

Mrs. Ratcliff has been ill in the hospital with a touch of pneumonia. Her son-in-law, Gordon Lyle has also been a hospital patient.

Rev. and Mrs. Walter Gamble are the proud parents of a baby girl, Wilma Ann, a sister for Gwra.

The Trygve Haug family has moved into their new home.

Drilling at the Moose Mountain oil well has exceeded the depth of 1300 feet.

Mr. and Mrs. C. Shaver visited the latter's sister, Miss Mildred Olson, at the sanatorium in Calgary. They report Mildred feeling well and wishing to be home.

Local children started school on Monday following an extra-long vacation. There was no school the last week of June due to the bridge washout at Sundre. Mrs. Shaver of James River will teach again this year.

Sunday school was resumed in the two local churches after being closed for several weeks due to the polio epidemic.

A host of friends and neighbors said their last respects to Mrs. E. Craig when she was laid to rest on Wednesday, Sept. 10. The heart-felt sympathy of the community is extended to Mr. Craig and daughters. Mr. and Mrs. D. Cowie and daughter Mary, of Red Deer, spent the last week at home with Mr. Craig and Gladys.

Mrs. Amanda Peterson of Westrose was also a guest at the Craig home.

The sympathy of the community also goes out to Mr. and Mrs. Earl Braun and family on the passing of their infant son, Wednesday, Sept. 10.

Mr. and Mrs. Bennett Brower are receiving congratulations on the birth of a son, Tuesday, Sept. 9.

The extended summer vacation came to an end for 25 Zella youngsters when it was back to school Monday morning, with Mrs. Farris Miller of Calgary as teacher. However, Mrs. Bill Grange is substituting for a week.

Cutting and swathing is nearly completed in the district and with a little more co-operation from the weatherman, combining and threshing would become general.

Super guests at the home of Mr. and Mrs. A. Walldroff Sunday evening were Mr. and Mrs. Bill Mowha and family, Mr. G. A. Walldroff, all of Markerville, Mr. Herman Walldroff of Newington, Ont., and Mr. and Mrs. Edward Walldroff and son.

Miss Bessie Reist, who is working at Eaglesham, Alberta, in the Peace River area, arrived home last Friday for a month's holiday with her parents, Mr. and Mrs. A. Reist.

NOTES FROM D.A.

HUGH McPHAIL

The following facts have been submitted by C. Graham Anderson of the Alberta Safety Council:

September is the peak month of the year for farm accidents, probably due to harvest "rush."

Based on past experience it can be conservatively predicted that fifteen Alberta farmers or members of their household will be fatally injured this month. Sixty others will require medical or hospital care due to accidents. Of the latter at least three will be incapacitated for 30 days or more.

A partial list of farm accidents in Alberta, recorded in September, 1948, as they were reported in the press showed:

High River—Leg caught in combine, lower leg badly injured, bad bone abrasion; combine: mixed up with power take-off, lacerations and bruises, incapacitated for ten days; combine: standing on hopper, leg injuries, 16 stitches.

Vulcan—Grain auger: injury to arm and hand, amputate one finger; weather: severe head injuries.

Nobleford—Combine: caught in power take-off, clothes torn from body, found unconscious.

Cardston—Combine: caught in power take-off, clothing and skin torn off.

Iron Springs—Combine: required medical aid, caught in power take-off.

Grassy Lake—Tractor overturned, caught fire, thrown clear, burns.

These are some of the more fortunate cases as these news items could well have been obituary notices. The cause of most combine accidents has been the failure to ensure that take-off shields were in place. In industries safety committees would insist that shields were

CREMONA NEWS

(From Our Own Correspondent)

Best wishes for a speedy recovery go out to Mrs. M. Hewitt, who is recovering from a recent illness.

Mrs. L. Price and Patrie of Carstairs have spent the last few days with Mr. and Mrs. M. Hewitt.

Miss Evelyn Hettlinger returned home for the weekend after visiting for two weeks with relatives at Portland, Oregon. During her absence Mrs. Nellie Hettlinger and family of Calgary visited with Mr. and Mrs. A. Hettlinger and assisted in the Cremona Cafe.

Mrs. B. May and family returned home after spending the past two months at Buck Lake visiting with Mrs. May's parents, Mr. and Mrs. F. Foster.

Mr. and Mrs. Russell Simpson holidayed for a week at the home of Mrs. Simpson's parents, at Etonia, Sask.

Miss Jean McQuarrie, who is taking a business course in Calgary, spent the weekend at her home.

Mr. and Mrs. C. Wilson and Donald have spent the past few weeks with Mr. and Mrs. C. Wilson.

Mrs. Basset motored to Milk River and spent a few days this past week visiting with her mother. Mr. Basset is assistant supervisor at the oil well west of Cremona, replacing Mr. Wm. Ward, who returned to Oklahoma last month.

Bancroft W. I. Plans Show And Dance

The September meeting of the Bancroft W.I. was held at the home of Mrs. A. McCulloch with seven members and two visitors present.

The meeting opened with the song "School Days" and the creed. Roll calls was answered with a hint for keeping vegetables.

Five dollars is being sent to the Salvation Army in response to their annual appeal for financial aid.

A gift of books and candy is being sent to the son of one of the members who is ill in hospital and a gift parcel to another son who is in Korea.

Three dollars is being used for prizes for the neatest scribbles in the local school during the present year.

Plans were made for a picture show and dance to be held in the school in November.

After "God Save The Queen" the members sang "She'll Be Coming Round The Mountain" with actions. With Len Pross as pianist and Annie McCulloch as leader. This created lots of merriment. Mrs. P. Hauser won the raffle. An enjoyable luncheon was served by the hostess.

FARMERS' UNION OF ALBERTA ASK FOR ACTION ON 3 POINTS

In a telegram dispatched to the Hon. J. G. Gardiner, minister of agriculture, by Henry Young, president, the Farmers' Union of Alberta asks for action on three points:

(1) That the present floor price be made fully effective on all heavy cattle offered.

(2) That the floor price be continued without reduction until the U.S. market is reopened.

(3) That the government immediately announce the continuation of price support at these levels, so that feeders will have confidence to purchase cattle for feeding, otherwise a disastrous glut of feeder cattle will probably ensue, followed by a shortage of finished beef.

In place and that clothing fitted tightly at wrist and ankle. The farmer must be his own safety committee.

Make September a safe month and thus a happy one for you and yours. Better be late, Mister, than to be late Mister.

LITTLE ITEMS OF LOCAL INTEREST

Mr. and Mrs. John Kidd arrived recently from Paisley, Ont., and are visiting with the former's sister, Mrs. Mary Roeth, and other friends.

Mr. and Mrs. Reg Booker were in Calgary Saturday to attend the wedding of their granddaughter, Miss Ann Hall of Albert Park.

Mr. Wilfred Morris of Edmonton spent last weekend with his brother and sister-in-law, Mr. and Mrs. Tom Morris and on Monday got in his annual day of threshing.

Mr. and Mrs. Arthur Toogood and son Bobbie of Toronto visited recently with the latter's parents, Mr. and Mrs. Harry Levagood. They left later on a trip to Alaska via the Banff-Jasper highway.

Dr. C. T. McNichol left last week to attend a refresher course in Edmonton.

Since Rev. E. B. Fox will serve as Mission Festival guest speaker at Zion Lutheran Church, Peace Hill, Alberta, there will be no services at Redeemer Lutheran Church on Sunday, Sept. 21. Regular services will again be held on Sunday, Sept. 28, at 11 a.m.

Mr. and Mrs. W. Foxon and Mr. and Mrs. J. Gammie of Drumheller, and Winona Rouleau of Calgary spent the weekend with relatives and friends in town.

Miss June Klinck of Calgary spent the weekend with her parents, Mr. and Mrs. Ed Klinck.

Mr. and Mrs. Harold Fox Jr. and son Douglas of Lethbridge visited recently at the home of Mr. and Mrs. Sidney Fox.

Mr. and Mrs. G. W. Beist of Vancouver, B.C., spent last Saturday afternoon at the home of Mr. and Mrs. R. H. Gabel.

Duck and goose shooting opened in this part of Alberta today, Wednesday, and a number of local nimrods were out bright and early to watch the sun rise.

Beginners who have not submitted birth certificates to the principal of the Didsbury school are asked to do so immediately. Parents please co-operate.

J. W. Wordie, manager of the local branch of Crystal Dairy Ltd., received a welcome surprise this week when he received a lovely silver trophy from the Canadian National Exhibition in Toronto in recognition of first prizes won at the summer fair. Mr. Wordie also received certificates showing that the Didsbury creamery had won two first prizes and a second prize at the Canadian National Exhibition for quality butter produced here. The trophy is on display at the Crystal Dairy office.

CHEAP TURKEY

Turkeys are selling at lowest price levels since the war. A 25% jump in turkey population has knocked prices down 15c-16c below last year's levels.

In renewing her subscription to The Pioneer, Mrs. E. M. Rodney of Ladner, B.C. wishes to be remembered to friends in the town and district.

Mr. and Mrs. William Mitchell and Mr. and Mrs. Robert Mitchell left Thursday for their home at Oxford, Wisconsin, after visiting for a week with their sister, Mrs. J. Foot, and other relatives near Cremona.

Mr. Ed Ford and Mr. E. T. Wiggins were Edmonton visitors Saturday.

Mr. S. J. Gilson returned Monday from a holiday at the west coast.

Able Seaman Stanley Miller, R.C.N., of H.M.C.S. Athabaskan, Esquimaux, B.C., has been visiting his grandmother, Mrs. H. Barnard, and other relatives of Elkton and Didsbury.

Mr. Len Berscht left Sunday for Edmonton to join Mr. and Mrs. A. Toogood on a two weeks' vacation to Alaska.

Mrs. Myrtle Mansfield, son and daughter-in-law, Mr. and Mrs. Wilis Mansfield of Colorado Springs, Colorado, were recent visitors at the home of her brother and sister-in-law, Mr. and Mrs. John Brinson of Olds. While here they were entertained at a family dinner at the home of Mr. and Mrs. Brinson at which 31 relatives from Red Deer, Pine Lake, Three Hills, High River and Didsbury were present.

COMING EVENTS ...

—A Women's Institute executive meeting will be held at the home of Mrs. E. Lang on Saturday afternoon, Sept. 27, commencing at 2 p.m.

—The United Church Evening Group will meet at the home of Mrs. H. Roberts on September 22.

—C.G.I.T., 12 to 18 years, meet Wednesday, Sept. 17 at 5 p.m. at the United Church and are asked to be prepared for a hike

—St. Anthony's Altar Society will hold a chicken supper in the Lions' hall on Saturday, Sept. 27th, from 5:30 to 7:30 p.m. 38-21c

A regular meeting of the Didsbury Lions Club will be held in the Lions' hall Thursday, September 18, at 6:15 p.m.

OBITUARY

Earl Blair Braun, Didsbury, born June 14, 1902, passed away Sept. 10, 1952. He is survived by his parents, Mr. and Mrs. Earl Braun, two sisters, Daney and Coleen.

NO TICKLING HERE

A soft faced hammer, shot-loaded to give positive dead blow with no rebound or shock, is now on the market. It's available in five sizes, five hardesses, and 17 weights through interchangeable tips and various sized handles. Doesn't gas, mushroom or chip; resistant to oil, gasoline and common industrial acids.

It's the waving lotion that makes all the difference in home permanents!!

Scientific tests show Richard Hudnut Creme Waving Lotion (containing 22% more of the effective ingredients) leaves hair springier and stronger... less apt to break... than most other home permanent waving lotions. And what this means to you is a smoother, prettier, longer-lasting wave with more natural-looking curls that spring right back after combing... no frizzy ends, more natural sheen. Regardless of what type curlers you use, make sure your next home permanent is a Richard Hudnut with the waving lotion that makes all the difference.
